

**STATEMENT OF CANDIDATE FOR
AUBURN UNION SCHOOL DISTRICT**

Chuck Heisleman

Age: 48

Occupation: Businessman

Education and Qualifications: I am a 38-year Auburn resident and was educated in our local schools. I am a graduate of AUSD, Placer High School, Sierra College and CSUS where I earned a B.S. in Business Administration, with a concentration in Human Resource Management, and an MBA.

My education and 25 years of business management experience, including budget accountability, have prepared me to help lead the AUSD through this difficult period of declining enrollment, smaller budgets and personnel changes. During the past 1-2 years I have attended and participated in most AUSD Board meetings. I am prepared to deal with difficult issues, be creative and spend the people's money wisely while continuing to offer a quality education to the children of this community. I have also held leadership positions in various non-profit organizations.

I support Measure V and believe that Auburn needs all of its schools!
